## **Important Notice**

It has come to the notice of the undersign that some students are not attending the online classes regularly and in some cases zero response has also been noticed. Through this message I would like to make clear to all the students of 3<sup>rd</sup> and 5<sup>th</sup> Semester that semester ending exam are likely to be conducted in the month of January and your attendance is monitored by the University itself and as you know that the minimum eligibility to sit in the examination is 75% attendance failing which student will be debarred to sit in the examination. It is, therefore, pertinent on the part of each and every student to attend the online classes regularly and report to any difficulty being faced by you to the undersign or management so that online classes are hassle free and should go in a long way to help you to come out with flying colours.

I hope all of you will adhere to these guidelines and attend online classes without failure.

Thank You

Principal
